

HOUSE OF COMMONS
LONDON SW1A 0AA

Cllr Sue Holland
Broadland District Council
Horizon Business Centre
Peachman Way
NR7 0WF

Wednesday 7 February 2024

Dear Councillor Holland,

RE: Norwich Western Link Road

Broadland District Council has, under previous administrations, repeatedly expressed its support for the Norwich Western Link Road. The support of the council is very important to the delivery of the project, and I know that residents are now looking to you for confirmation that the council remains unequivocal in its support for this major highways project which will see nearly £250m of Government investment in Broadland.

The new road (which is widely supported by residents; Norfolk County Council; the emergency services and the business community) will help to grow our local economy, improve journey times, as well as reduce congestion and pollution in our residential areas. And, crucially, it will deliver on our repeated manifesto commitments to constituents in Broadland that we made when they elected us.

With Cabinet Members at Broadland District Council now openly against the delivery of this road, I would be grateful if you could please confirm the view of the local authority towards this key project?

Yours sincerely,

Jerome Mayhew

Jerome Mayhew MP
